

A.P.I.

Association of Small and Medium Enterprises

A.P.I. means business

The wealth and value of an enterprise are created by the men and women who work there every day.

Paolo Galassi, Chairman

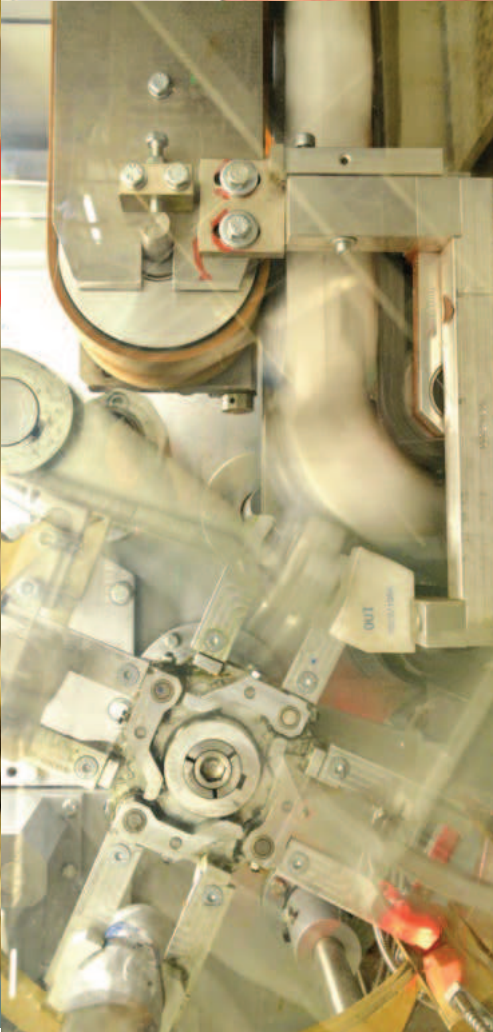

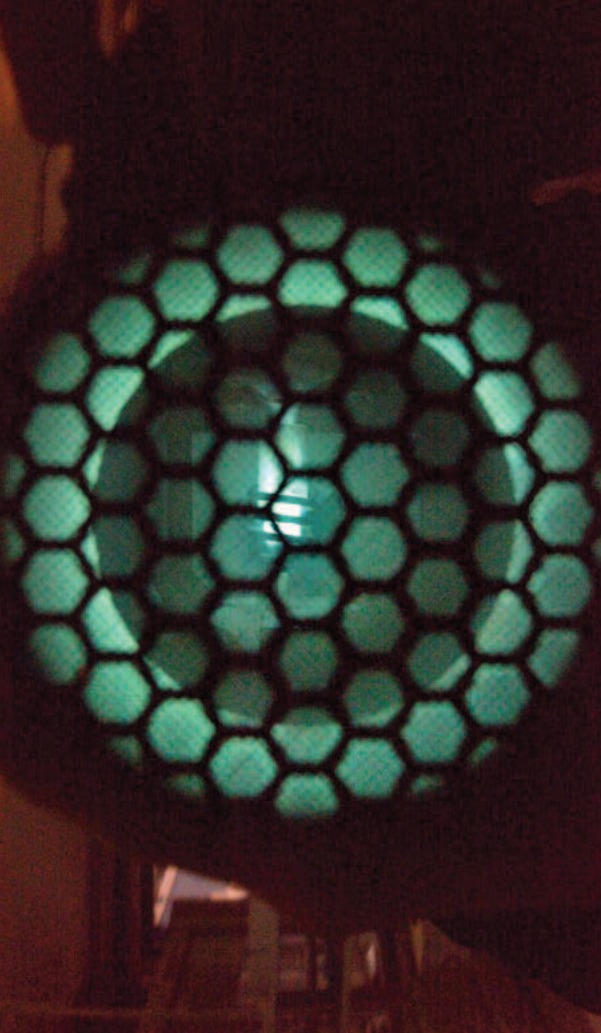

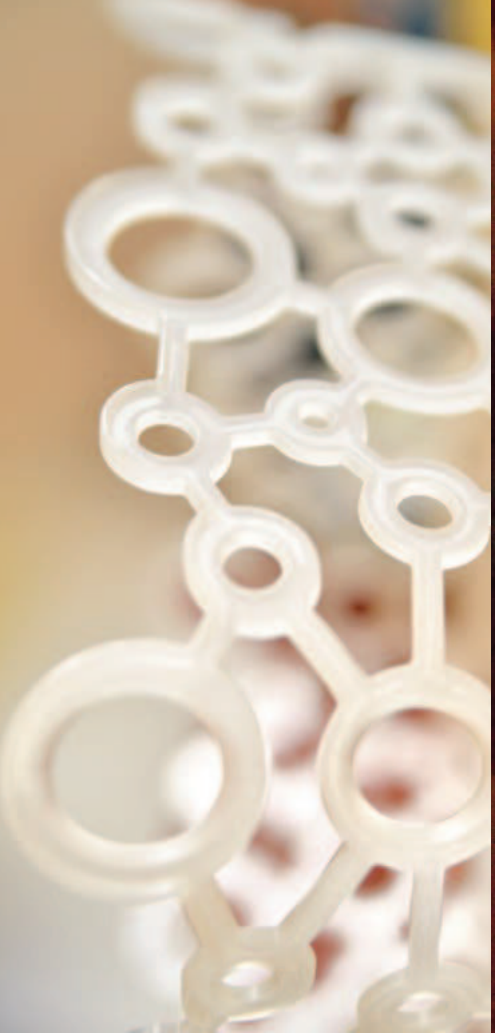

The small and medium-sized businessperson is the direct expression of the area and of the community where in based. *Stefano Valvason, General Manager*

A.P.I. means business since 1946

Of all the enterprises, the SMEs (Small and Medium Enterprises) are certainly the most deeply rooted in the area where they develop and are a fundamental factor for the creation of a market with free competition, forming 95% of the Italian business structure and 97% of that in Lombardy.

European Union, “The key to economic upturn in Europe should be sought in three factors: industrial competitiveness, innovation and widespread entrepreneurship”.
